The Lucy Pet Gnarly Crankin' Wave Maker!

The Lucy Pet Gnarly Crankin' Wave Maker is a self contained crowd pleaser. Everywhere the wave maker goes, it draws crowds and local media, resulting in millions of media impressions!

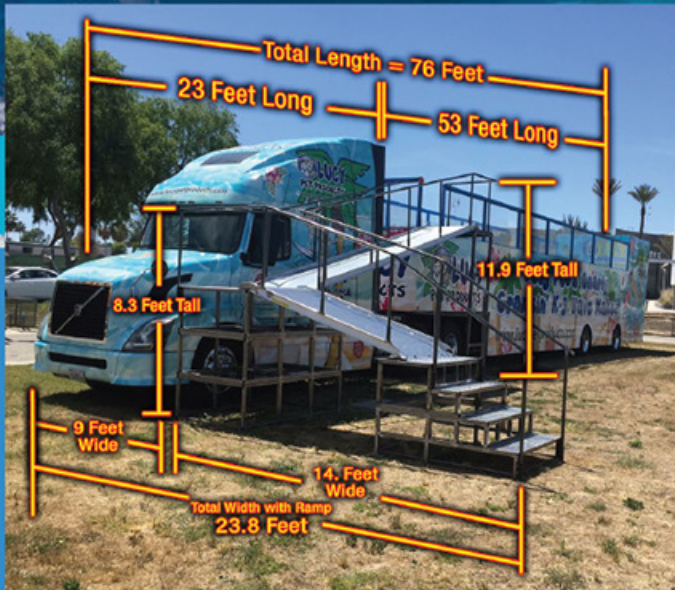

With its own power, heater and filtration system, All YOU add is water.

- The wave maker holds 5,500 gallons of potable water. (customer responsible for sourcing potable water)
- Self contained heating system-water is heated to a comfortable 80 degrees F.
- Self contained filtration system.
- Power Generator, no additional electrical source required.

The wave maker and its tractor measure 76 ft in total length and the generator is pulled by a ford truck for a total length of 114.5 ft. The truck can be removed from the generator in areas with space restrictions.

# EXTREME SURFING STUNT DOG SHOW!
